	YES		

DETAILS OF SUBMISSION

The specific provisions of the proposed Plan Change that my submission relates to are as follows:
We are concerned about the modelling used to determine floodplain areas.

Our submission is that:the modelling is flawed. The flows used to determine the level of flood and their effects are inconsistent with data.

We propose that the Upper Hutt City Council ask the Greater Wellington Regional Council to revisit the modelling used and adjust flood levels and hazard zones to suit.

(Please state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons. Please use additional sheets if necessary)

We seek the following decision from the local authority:

To ask the Greater Wellington Regional Council to re-visit the modelling used to determine floodplains.

(Please give precise details and use additional sheets if necessary)
