DETAILS OF SUBMISSION

The specific provisions of the proposed Plan Change that my submission relates to are as follows:
Plan Change – 15 Flood and Erosion Hazard Areas

My submission is that:

Once again, we are having to fight against the idiots that are unfortunately on the Council. We have now been living in Maymorn for 18 months, we came here for peace and quiet and it seems that we have to fight every few months to keep things the way they are.

We really feel sorry for the residents around here that were granted subdivision and building permits by the council who have known about this for YEARS without any regard for what could potentially happen in the future. You think that values won't be affected, seriously – do you live in the real world? Of course values will be affected.

The council has known about this for years, and only now you give the people of Upper Hutt 1 month to provide submissions for or against, once again – do you think this is fair?

We are against what you are planning on doing here, these are peoples lives you are once again playing with.

One thing you seem to be missing is that you have an increasing number of educated people living in Upper Hutt so you won't be able to just make foolish decisions left, right and centre as this will not be tolerated.

(Please state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons. Please use additional sheets if necessary)

I seek the following decision from the local authority:

Involve the people that are actually affected by this, it needs time to be thought through and a decent consultation period. One month – seriously?

There needs to be an independent review – and involve residents who are actually living in this area. Not people that sit in an office in Wellington city.

(Please give precise details and use additional sheets if necessary)
