I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

SUB-RURS2

My submission is that

SUB-RURS2 – Object to the minimum net size area of General Rural Zone reducing from 20ha to 1ha. Propose this remains at 20ha. This does not align with the ‘low density of development’ that defines the General Rural Zone. It has the risk of intensifying development and creating clustered housing in rural areas changing its character and nature of the landscape.

I seek the following decision from the local authority

SUB-RURS2 – Object to the minimum net size area of General Rural Zone reducing from 20ha to 1ha. Propose this remains at 20ha.
