I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

I wish to support the proposal from the Hutt Valley brach of theNew Zealand Deerstalkers in respect of their noise proposal around there shooting range at Kaitoke. There proposal has already been submitted by Mr John Taylor for the branch. The branch has over 1000 current financial members, and the range is also used by other shooting related organisations. It is a very valuable asset to the Hutt Valley and needs to continue forever. I also wish to speak in support of the branch proposal.

My submission is that

Our range is a very valauble community asset and needs to continue well into the furture and not be subjected to any undue or unwarrented objections.

I seek the following decision from the local authority

That any adjacent landowners cannot force or ask the council to impose restrictions on the range because they dont like the sound of distant gunfire, and or the use of firearms in their varcinity.
