I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

SUB-RUR-05

My submission is that

I do not support the Berkett Farm development at this time. I believe it is premature to allow the proposed change without first advising how roading infrastructure, specifically Blue Mountains Road and Whitemans Valley Road, will be improved to accommodate the extra demand that this development will create. I am not apposed to the development itself in principle subject to appropriate roading.

I seek the following decision from the local authority

Postpone changes to Berketts Farm Precinct until the community is informed on appropriate infrastructure improvements that would offset the detrimental affects.
