I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

page 30 - traffic and vehicle movements Lots in Berketts farm presinct

My submission is that

I do not want the Council to allow the building of 100 new properties in the Berketts Farm presinct. The rural roads cannot handle many more vehicle movements per day. There has not been enough community consultation. The Council should be standing by its Sustainability Strategy in prioritising, protecting and enhancing our natural environment.

I seek the following decision from the local authority

I seek that the Berketts presinct sub-division not be allowed to go ahead. The local authority needs to keep the rural environment as it is.
