I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Significant increase in short and long term of traffic volumes through Whitemans and Mangaros Valley.

My submission is that

Insufficient consideration seems to have been given to the effect of both development and permanent traffic volumes on existing inadequate and poorly maintained roads. The need for upgrading infrastructure in the valleys should be included in the details of Plan 50.

I seek the following decision from the local authority

Specific details of adequate infrastructure upgrades be incorporated into the plan.
