**My submission is that**

This is short as I have only just been told that my business may be adversely affected by PC50. It was not evident in any of the summary material that I read. I have an existing business selling blueberries, classed as primary produce. I would like confirmation that I am able to continue running my business as it has operated for the past 37 years. It is not clear that this will be the case under the new PC50 changes. I am a primary producer, the definition however seems to exclude some of what I do. I am not a home business. I cannot operate with vehicle restrictions if viewed as such. Most of my business is from passing traffic, going to and from Staglands.

**I seek the following decision from the local authority**

Status quo for my business operation
