I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Roading and traffic volumes , sewage issues

My submission is that

The roading will not cope with larger traffic volumes if the Berketts Farm presinct goes ahead. The quality of the rural roads is not good at the moment, let alone letting a lot more cars and trucks on the roads. The sewage waste from 100 new properties if the Berketts farm presinct goes ahead has an affect on the environment. There has not been enough community consultation on this plan change.

I seek the following decision from the local authority

I do not want the local authority to let the Berketts farm presinct 100 lot development to go ahead.
