I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Whiteman's Valley Burkhart Development

My submission is that

Due to lack of Infrastructure and living in our Rural Community and paying for these privileges let alone the Roding issues in Whiteman's Valley i oppose to this going forward People buy in Rural Areas understanding it will stay within the controls of the Infrastructure limits this project will add to the current Traffic Congestion and become more dangerous than it currently is, also concerned with my children learning to drive in Whiteman's Valley when there will be more than 600 - 900 more vehicles on the road "Simply dangerous" Congestion issues /Water issues / Drainage Issues, Whiteman's Valley is Beautiful and Urban Environments does not Match this Environment at all. the Dense Population this will Occur will mean Fireworks "Animal's" Dangerous Driving Neglect for Other drivers on the road and Animals etc..

I seek the following decision from the local authority

not to proceed in relation to earlier mention
