I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Increased traffic and damage to existing regenerating native bush

My submission is that

Whitemans Valley and Blue Mountains Roads are already overloaded and becoming increasingly dangerous as more people are moving into the valley. An additional 50 properties would make the roads dangerous and will likely result in crashes. Given how long it takes an ambulance to get to the valley as it is, the increased traffic will result in fatalities.

I seek the following decision from the local authority

Decline the plan change and not agree to additional properties in the valley
