

SUBMISSION 80

Name (Please use your full name)

Stephanie Watson

Postal Address

26 Avian road

Email address

stephanie_watson@hotmail.com

I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

all

My submission is that

if you want to enable more residential buildings to be built in the valley you'll need to upgrade Blue Mountains Road. It currently is not wide enough to safely deal with logging trucks and large trucks (construction & roading), also the volume of traffic just increases the risk of accidents on the exceptionally narrow road. If this does go ahead and you allow contraction traffic to use this road those trucks will degrade the condition of the road so you better be prepared to maintain the road better than you currently do.

I seek the following decision from the local authority

1. restrictions on traffic on Blue Mountains Road to cars, utes, school bus - ban all construction and logging traffic 2. create a road maintenance plan that will address the increase in vehicles traffic due to more residential properties being allowed in the valley

Please indicate whether you wish to be heard in support of your submission (tick appropriate box)

I do not wish to be heard in support of my submission.

please indicate whether you wish to make a joint case at the hearing if others make a similar submission (tick appropriate box)

I do not wish to make a joint case.
