I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Residential and lifestyle block development in rural areas potentially impacting existing use facilities in Pakuratahi Forest.

My submission is that

The Hutt Valley branch of the New Zealand Deerstalkers Association has operated a rifle range in the Pakuratahi Forest, in Kaitoke, for around 40 years. Our members have concerns that increased settlement in the areas around the forest will lead to complaints about the noise generated by the range, from time to time, if adequate protection is not included in the district plan that will safe guard its continued use.

I seek the following decision from the local authority

That the district plan amendments include a noise protection overlay or similar mechanism applied to properties within the vicinity of the Hutt Valley Deerstalkers Association rifle range in Kaitoke, to ensure noise complaints in respect of the club's activities are negated.
