Details of submitter

When a person or group makes a submission or further submission on a Proposed Plan Change this is public information. By making a submission your personal details, including your name and addresses, will be made publicly available under the Resource Management Act 1991. This is because, under the Act, all submissions must be published to allow for further submission on the original submission. There are limited circumstances when your submission or your contact details can be kept confidential. If you consider you have reasons why your submission or your contact details should be kept confidential, please contact the Planning Team via email at planning@uhcc.govt.nz.

NAME OF SUBMITTER Susan Patricia Boyle

POSTAL ADDRESS OF SUBMITTER
22413 Parkes Lane Road, Maymorn, Upper Hutt

PROPOSED PLAN CHANGE TO THE UPPER HUTT CITY COUNCIL DISTRICT PLAN

Proposed Plan Change 50 -Rural Review ,

Submission Points From : Susan Boyle

224B Parkes Line Road , Maymorn , Upper Hutt

Email: jslboyle@gmail.com

- (1) I agree with the Maymorn Collective submission in all aspects and to be considered as part of my own individual submission .
- (2) Class 3 soil should NOT be included as Highly Productive Land , and the new incoming Government might be in agreement with their pre election statement. National Party's pre-election platform which included the removal of Land Use Capability 3 from the definition of highly productive land.
- (3) I am NOT comfortable with the proposed zoning , I think there are some inconsistencies . I would like SETTLEMENT ZONE to be considered for our property.
- (4) Having rural production amongst the immediate area is fragmenting the immediate area which has clearly been targeted as residential with a rural lifestyle flair. I am part of this area and this will not be conducive to the overall future of the immediate area.
- (5) I DO NOT consider class 3 soil to be considered highly productive because our property is fragmented and variable. My land is fragmented with modified soils on our property and also includes House, surrounding play and recreational area, gardens with bush and tree area, outbuilding and surrounding hard fill area, pool area, driveway access and walkways in and around the property. (See map attached the colour orange indicates this and is 3.0 Ha in total area as shown), Total size of my property is 5.4Ha.
- (6) I can't see why the other side of Parkes Lines Road is different to my side, in respect to subdividing into smaller lots at present .
- (7) People like living out in this area away from the built up suburban areas in town . This gives an opportunity and choice to have a larger more open property but be close to all major amenities. This will align with what is happening in the immediate area around the Maymorn Railway Station .
- (8) My property is close to the Maymorn Railway station, easy walking distance to the station, approx 5 minutes. It gives good access north,south by rail and close to SH2 for north and south access,
- (9) My land is primarily used for residential purposes, fragmented, and similar in character to that across the road, and I feel the SETTLEMENT ZONE would be more appropriate.

(10) UHCC Urban Growth strategy 2007-identified Maymorn which included my property and the properties of the Maymorn Collectives as the most significant area for urban development in Upper Hutt over the next 30 years

(11) Maymorn Structure plan -adopted by council in 2012 includes my land and the Maymorn Collectives,

(12) UHCC Land Use Strategy 2016-2043- adopted in September 2016
Identifies my land and the Maymorn Collectives for development

(13) UHCC PC 50 Rural and Residential Chapter Review, my property was zoned for Settlement

.(14) NPS HPL exemption clause 3.5(7)b (i) identified for future urban development.
