**Notes:**

- Most parking infringement fees were set in 2004. The Government’s changes apply a Consumer Price Index (CPI) increase to parking infringement fees, resulting in around a 70 percent increase.
- Where fees were set post 2004, the Government has aligned the increase with similar offences for consistency.
- The Government has applied a higher than inflation increase for misuse of a mobility parking space to better reflect the seriousness of this offence.
- Towage fees are being increased using a composite index method to reflect the costs of running a towage business. This has resulted in a 68 percent increase to towage fees.
